<i>The Office of the Governor is transferring an initial wave of positions to the Shared Services of Alaska organization for accounts payable, travel and expense, and central mail activities.</i>												
<i>It is anticipated that an initial ten percent savings in personal services costs can be realized in FY2018 for these activities, with increased savings in future fiscal years as the organization matures.</i>												
<i>The remaining personal services authority will be used to fund a reimbursable services agreement with Shared Services of Alaska for the cost of services provided.</i>												
<i>The Shared Services organizational structure provides back-office support for common administrative functions, allowing the agency to focus more closely on core mission responsibilities.</i>												
<i>The Shared Services organization model will increase the quality and speed of service delivery, and increase client satisfaction while decreasing the overall cost to the department for performing these functions. This is achieved through a business structure focused on continuous process improvement that includes standardizing business processes and improving transaction cycle-times.</i>

<i>If legislation is passed to amend SB9, the Division of Elections (Division) would become eligible to receive a grant from the Pew Charitable Trust to participate in a data sharing agreement with an existing group of states. The Electronic Registration Information Center (ERIC) is a nonprofit organization established by member states and is owned, managed, and funded by those participating states. The goal of ERIC is to support cleaner and more accurate voter rolls. ERIC uses technology to connect information in state voter files with data from state motor vehicle offices, death records, and change of address information to identify eligible but unregistered individuals and identify outdated entries and duplicate entries within and across states to help clean up voter rolls.</i>												
<i>This grant would cover 50% of the cost of the initial mailing to unregistered voters with the remaining 50% of funding coming from Help America Vote Act (HAVA). The Division has HAVA sufficient authorization in existing capital appropriations, but needs authority for the grant from the Pew Charitable Trust.</i>												
<i>It is anticipated that this grant will continue past FY2017.</i>												
<i>The Division currently has no authority for statutory designated program receipts.</i>												
<i>This is a new request for FY2017. It was not included in the FY2017 Governor's budget because it was uncertain if this amending legislation would pass.</i>
