9	FY17	Departmentwide	Various		Deletion	Increased Vacancy to Accommodate Reduced Personal Services	(925.6)			(925.6)	<p>The legislature accepted the Department of Law's assignment of the FY16 cost of living adjustments to various allocations. Overall, these reductions will be managed by lengthening the period of vacancy as positions turn over. In the Criminal Division, the Department expects the number of cases declined for prosecution will increase due to the reduction in staff resources. In the Civil Division, the cuts will be primarily absorbed in Natural Resources, Child Protection, and Labor and State Affairs since these three allocations comprise about 3/4 of the UGF in this appropriation for FY17.</p> <ul style="list-style-type: none"> <li>• Criminal Division total -- (\$495.2)</li> <li>• Civil Division total -- (\$400.7)</li> <li>• Administration and Support total -- (\$29.7)</li> </ul>

Staffing levels will be determined in conjunction with the need for legal services by the Department's client agencies but positions will be cut, hopefully with natural attrition as the mechanism for savings. These actions affect appropriations as follows:</p> <ul style="list-style-type: none"> <li>• Criminal Division: (\$92.5) UGF from furloughs;</li> <li>• Civil Division: (\$143.7) UGF from furloughs; (\$525.6) UGF from attrition and delete (4) PFT; and</li> <li>• Administration and Support: (\$2.5) UGF from furloughs; (\$38.9) UGF from attrition.</li> </ul>

One-time funding was approved during the 2013 session for trial implementation with consideration of base funding during the 2014 legislative session. Review of the VINE system was positive. The Department anticipates that the work could be done by attorneys in the Medicaid Fraud Control Unit (MFCU) of the Office of Special Prosecutions and Appeals. Two permanent, full-time positions are added to the existing team of ten positions in the MFCU with this fiscal note. The bill allows recovery of attorney fees incurred in prosecuting civil action for Medicaid fraud. Under federal law, fifty percent of attorney fees recovered must be paid to the federal government.</p>

22	FY17	Civil Division	Deputy Attorney General's Office		VETO	Reduce Capacity in Deputy Attorney General's Office	(179.5)			(179.5)	The Governor's veto of \$179.5 UGF will be absorbed through the elimination of one of the Department's two Deputy Attorney General positions (equal to Deputy Commissioners in other departments). According to the Department, the loss of this position will decrease flexibility for future attorneys general in designing departmental leadership structures that address day-to-day challenges. Work will be transferred to other departmental leadership positions, primarily to the Department's remaining Deputy Attorney General and three division directors.
23	FY16	Civil Division	Collections and Support		Deletion	Delete UGF Funding for Temporary Position Due to Anticipated Completion of Backlog in Victim Restitution Program	(50.0)			(50.0)	For the last few years, the Civil Division's Collections and Support unit has been working to eliminate a backlog in the victim restitution program. The backlog is expected to be eliminated by the end of FY15. Two temporary positions were hired to assist in the elimination of this backlog. The program will be evaluated to determine if the existing permanent staff can handle the day-to-day operations. This decrement eliminates funding for at least one of the temporary positions.
24	FY17	Civil Division	Collections and Support		VETO	Delete Personal Services Funding for Three Positions and Eliminate Collection of Victim Restitution	(627.5)			(627.5)	<b>(\$380.5 UGF/ (\$247.0) DGF.</b> The Governor vetoed two items in the FY17 Collections and Support allocation: (1) <b>Personal Services Funding, equivalent to three full-time positions (\$380.5 UGF/ \$16.5 GF/PR).</b> This cut will be absorbed with the elimination of three vacant positions (two attorneys and one support position) that were previously tasked with modifying child support orders for private parties. Regulation changes in March 2016 allow the Department to decline this service; and (2) <b>Elimination of Funding for the Collection of Victim Restitution (\$230.5 GF/PR).</b> This veto will be absorbed by the winding down of the collection of private party victim restitutions over a seven-month period. The cut represents the loss on 7/1/16 of one vacant attorney position, and after the seven-month wind down, the additional loss of one attorney, one paralegal, and one support position.

The authorization would allow the Department of Law to contract with law firms to assist the Departments of Natural Resources and Revenue in drafting and reviewing contracts and to provide legal and regulatory support for state participation in that project for FY17. Although a special I/A Receipt fund code (AK LNG I/A) was created by Legislative Finance Division to track expenditures from the Alaska Liquefied Natural Gas Project Fund, it was determined that the Department of Law should code their I/A Receipts using the generic I/A code since they will not be executing a Reimbursable Services Agreement (RSA) directly with the Alaska Gasline Development Corporation (AGDC).</p> <p>The Governor vetoed \$17.2 million I/A Receipt authority, leaving \$300.0 of the requested amount for the Alaska Liquefied Natural Gas Pipeline project.
