23 the budget process. It is the intent of the legislature that a department's and
24 program's future funding be dependent on how well it performs on behalf of the
25 citizens of Alaska.
26
27 The Department shall develop a long term plan for its operation and issue the plan
28 by December 15, 1996. The plan must cover a period of at least six years beginning
29 on the date it is issued and must contain, without limitation, a brief outline of
30 each of the following items or a brief explanation of why a particular item does not
31 apply:
32
33 1. A statement of the goals of the department and of the particular programs the
34 department administers;
35 2. An analysis of workload and of the results achieved on behalf of the public;
  5 3. An ideptification of the numbers and types of persons served and a projection of
   expected changes in those numbers and types;

STATE OF ALASKA OFFICE OF THE GOVERNOR JUNEAU

June 28, 1996

The Honorable Gail Phillips Speaker of the House Alaska State Legislature State Capitol Juneau, AK 99801-1182

Dear Speaker Phillips:

Today I signed House Bill 412 which contains much of the FY 97 operating and loans budget, and made certain line item vetoes in the bill. I am transmitting the engrossed and enrolled copies to the Lieutenant Governor for permanent filing:

Conference CS for House Bill 412 (brf fld H/S)(efd fld S)

"An Act making appropriations to the operating and loan program expenses of state government, for certain programs, and to capitalize funds."

Chapter No. 117, SLA 1996

I have also today signed three other bills from the regular and special legislative sessions which make appropriations for FY96 and FY97 and fund negotiated labor contracts: HB 413, HB 1001 and SB 1005. I also signed SB 1003 which implements several employer cost reduction measures and authorizes salary adjustments for non-represented employees. Since these five bills are interrelated, this letter discusses them together and explains my vetoes in HB 412.

The coming year's operating budget (HB 412) and related measures include some provisions which begin to move Alaska toward fiscal responsibility: cut the budget, protect and grow Alaska's savings accounts and provide for many important public services. We also took several important steps to create and preserve jobs for Alaskan families. Unfortunately, the budget lacks important provisions upon which Alaskans must rely for a safe economic landing. The Republican-led Legislature failed to adopt a responsible long-range budget plan which uses a variety of tools to close Alaska's budget gap. In fact, legislators stripped from the budget in the final hours provisions committing to a long-range plan.

σ

The Legislature failed to take any steps to diversify Alaska's revenue base. Most notably, the House leadership refused to allow a simple up or down vote on increasing Alaska's tobacco tax, which has the critical public health benefit of reducing tobacco use by our young people. The Legislature failed to provide vital services to some of the Alaskans who most need them. For example, it denied basic dental and medical care to elderly and poor Alaskans, under-funded foster care for abused Alaskan children and failed to adequately fund fish and game management at a time of increased federal control over Alaska's fish and wildlife resources.

Despite these budget failures, legislators found the money to increase their own living allowances by 7 percent. While making significant cuts to virtually every other department in state government, the Legislature reduced its own budget by barely one percent. I was tempted to exercise my veto authority to rectify that disparity, but I am leaving it to the Republican majority to explain their actions to Alaskan voters.

I did exercise my line item veto authority to reduce the transfer of unrestricted cash from the Alaska Industrial Development and Export Authority to the state general fund by \$1.7 million. This will bring the AIDEA distribution to \$15 million, the amount expected to be approved by AIDEA's board of directors at its meeting next month. (Under the new AIDEA dividend statute, in future years we will have the board's dividend recommendation before the Legislature takes final action on the budget.) I also reduced the fiscal note appropriation for printing election ballots since there will be fewer ballot issues this year.

During the special session, new information allowed for a \$1.6 million reduction in the amount needed for FY97 debt service obligations. For ease of future reference, I reduced the debt service appropriation in HB 412 by \$1.6 million and vetoed as redundant the amending provision in SB 1005.

As have governors before me, I have vetoed most of the legislative intent language in HB 412 and 413 and in SB 1005, regardless of whether I concur with its content. This is to maintain the appropriate distinction between the Legislature's appropriation responsibilities and the Executive branch's policy and budget implementation responsibilities. I retained language expressing the Legislature's intention to use supplemental appropriations to complete full-year funding or directing the Administration to seek additional receipt authority from the Legislative Budget and Audit Committee, as needed.

Sincerely,

SIS TONY KNOWLES

Tony Knowles Governor

AN ACT

Making appropriations for the operating and capital expenses of the state's integrated comprehensive mental health program; and providing for an effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1

Approved with Item Vetoes: June 28, 1996 Actual Effective Date: July 1, 1996

AN ACT

- Making appropriations for the operating and capital expenses of the state's integrated
 comprehensive mental health program; and providing for an effective date.
- Section 1. PURPOSE. In accordance with AS 37.14.003 and 37.14.005, the
 appropriations made by this Act are for the state's integrated comprehensive mental health
 program.
- * Sec. 2. NONGENERAL FUND RECEIPTS. (a) Mental Health Trust Authority
 authorized receipts (AS 37.14.036) or administration receipts (AS 37.14.036) that exceed the
 amounts appropriated by this Act, not to exceed a cumulative total of \$1,700,000, are
 appropriated conditioned upon compliance with the program review provisions of
 AS 37.07.080(h).
- 12 (b) If Mental Health Trust Authority authorized receipts (AS 37.14.036) or 13 administration receipts (AS 37.14.036) fall short of the estimates appropriated in this Act, the 14 affected appropriation is reduced by the amount of shortfall in receipts.

The Honorable Drue Pearce President of the Senate Alaska State Legislature State Capitol Juneau, AK 99801-1182

Dear President Pearce:

Today I signed House Bill 413 with certain line item vetoes. I am transmitting the engrossed and enrolled copies to the Lieutenant Governor for permanent filing:

Conference CS for House Bill 413

"An Act making appropriations for the operating and capital expenses of the state's integrated comprehensive mental health program, and providing for an effective date."

Chapter No. 118, SLA 1996

As have governors before me, I have vetoed most of the legislative intent language in House Bill 413, regardless of whether I agree with the content. This is to maintain the appropriate distinction between the legislature's appropriation responsibilities and the executive branch's policy and budget implementation responsibilities.

Sincerely,

S/S TONY KNOWLES

STATE OF ALASKA OFFICE OF THE GOVERNOR JUNEAU

June 28, 1996

The Honorable Gail Phillips Speaker of the House Alaska State Legislature State Capitol Juneau, AK 99801-1182

Dear Speaker Phillips:

Today I signed Senate Bill 1005 with certain line item vetoes. I am transmitting the engrossed and enrolled copies to the Lieutenant Governor for permanent filing:

CS for Senate Bill 1005(FIN) am

"An Act making and amending appropriations; making appropriations under art. IX, sec. 17(c), Constitution of the State of Alaska, from the constitutional budget reserve fund; providing for an effective date for versions of HB 412 and SB 136 that were passed by the Nineteenth Alaska State Legislature; and providing for an effective date."

Chapter No. 5, FSSLA 1996

As have governors before me, I have vetoed most of the legislative intent language in Senate Bill 1005, regardless of whether I agree with the content. This is to maintain the appropriate distinction between the legislature's appropriation responsibilities and the executive branch's policy and budget implementation responsibilities.

I have also vetoed the amending provision in this bill to reduce the debt service appropriation by \$1.6 million, because I made that reduction in House Bill 412. The provision in this bill was, therefore, redundant.

Sincerely,

STATE OF ALASKA OFFICE OF THE GOVERNOR JUNEAU

June 30, 1996

The Honorable Drue Pearce President of the Senate Alaska State Legislature State Capitol Juneau, AK 99801-1182

Dear President Pearce:

On this date I have signed Senate Bill 136 which includes the FY 97 capital budget as well as several FY 97 operating items, reappropriations and supplemental appropriations for FY 96. I have made certain line item vetoes in the bill. I am transmitting the engrossed and enrolled copies to the Lieutenant Governor for permanent filing:

House CS for 2d CS for Senate Bill 136(FIN) am H (brf sup maj fld H) (efd fld S)

"An Act making, amending, and repealing appropriations."

Chapter No. 123, SLA 1996

This capital budget is drawn primarily from the proposal I submitted to the legislature early in February. It clearly emphasizes the basics of transportation, education, health, public safety and economic development. It makes an important first deposit of \$6 million into the Children's Trust which was established several years ago to prevent child abuse and neglect, but was never funded.

Last March, I presented a realistic six year capital budget plan to replace Alaska's boom and bust capital budget process with a plan for predictability and stability. The six year plan outlined how we can address basic needs. It would have given communities, school districts, the university and Alaska businesses much-needed guidance about anticipated state funding for capital construction and major maintenance. Unfortunately, the legislature held no hearings and took no action on that plan. I will submit an updated plan again next session and urge the legislature to do what most communities already do: plan their capital budgets more than one year at a time.

With several glaring exceptions relating to public safety, the FY 97 capital budget is generally consistent with the first year of my long term capital plan. I believe it was irresponsible of the

Republican majority not to expand the Johnson Youth Center to help relieve overcrowding of juvenile treatment facilities in Juneau, Anchorage, Fairbanks and Bethel. It was also unwise not to allow a public vote on bonds for a regional prison system since there can be no bond vote until November 1998, more than two years away. Also, by not funding the next phase of modernizing and connecting Alaska's criminal justice computer systems, we hamper the efforts of our state and local law enforcement, prosecution and corrections officials.

I have exercised my constitutional line item veto authority by deleting the reappropriation in Section 73 because the particular oil and gas studies described there are not needed. I also vetoed the reappropriation in Section 23 which would take \$25,000 away from a grant to the North Star Borough for the Badger flood control and drainage project and use it to buy two paintings of former U.S. Senators from a religious foundation in Fairbanks. Artwork with historical significance is usually purchased by the state museum which, by statute, cannot spend more than \$5,000 for an item without the written approval of the Museum Collections Advisory Committee, a five-member public board. In addition, borough Mayor Sampson requested the veto of the reappropriation and project scope change, noting that the legislature did not consult the borough on either change.

Section 89 appropriated half a million dollars for a study of state employee salaries and benefits which I am vetoing because the timing for such a study is not cost-effective. The recently approved contracts for most state workers extend to 1999, so a comparative study should be done closer to the time of contract negotiation rather than now. We have learned that the federal Bureau of Labor Statistics is currently doing a study of private and public salaries in Alaska as part of its periodic review throughout the nation. If designed properly, information of this kind would also be extremely useful to states and local governments seeking to evaluate their own public wage and benefit packages. It makes no sense for state, local and federal governments to fund separate compensation studies in a state. To remedy this duplication, I will work with the National Governor's Association to seek a partnership with the Bureau to coordinate compensation studies between states and the federal government. As part of our continuing work to control personnel costs, Department of Administration Commissioner Boyer is examining ways to better manage health care and other employer costs.

Finally, I made a technical veto of Section 52 because the item was already listed with all other ratifications in Section 91. I vetoed several expressions of legislative intent whether or not I concur with their content to maintain the appropriate distinction between the legislature's appropriation responsibilities and the executive branch's policy and budget implementation responsibilities. I retained language expressing the legislature's intention to seek additional funding authority as needed.

I am letting stand Section 89 in which the legislature moved federal stripper well funds for energy conservation services to the Department of Community and Regional Affairs and directed that the funds go to two organizations which have provided these services in the past. I am fully committed to the Alaska craftsman and energy rated homes programs; they meet important housing needs for Alaskans statewide. However, the opportunity for the private sector to provide these services in partnership with the state should be determined through fair and open competition. Alaska Housing Finance Corporation (AHFC) is the most appropriate agency to

manage the stripper well-funded programs. It is the lead agency for the federally funded State Energy Program and the state agency with primary responsibility for residential construction, energy conservation and financing. For these reasons, I will transfer the funds back to AHFC through an inter-agency service agreement and instruct AHFC to follow the process outlined in statute (below) to ensure appropriate opportunities for all interested parties in the private sector to respond to requests for proposals.

Sec. 37.05.316. GRANTS TO NAMED RECIPIENTS.

(a) When an amount is appropriated or allocated to a department as a grant for a named recipient that is not a municipality, the department to which the appropriation or allocation is made shall promptly notify the named recipient of the availability of the grant and request the named recipient to submit a proposal to provide the goods or services specified in the appropriation act for which the appropriation or allocation is made. At the same time, the department may issue a request for proposals from other qualified persons to provide the same goods or services in the same area. The department shall award the grant to the named recipient unless the Office of the Governor, with due regard for the local expertise or experience of those making proposals, determines that an award to a different party would better serve the public interest. [The statute continues with a description of the notification process.]

I am bringing to your attention some non-vetoed items that deserve comment to prevent any misunderstanding by the public even though the legislature is well aware of their meaning. Three transportation projects added by the legislature have no practical effect in the FY 97 budget: completion of the Chena Hot Springs Road rehabilitation, the Seward Highway exit ramp and Taylor Highway. As you are aware, these legislative additions do not actually provide any funding. The first project was already taken care of through existing administrative authority and the other two are not on the Statewide Transportation Improvement Program list for FY 97 which was developed in a thorough public process. Their appearance in this bill does not in any way give them the jump on the normal public process which will determine project priorities for next year's budget. The Seward erosion/marine terminal project may help secure federal ferryboat discretionary funds but, as with the others, does not provide any funds this year.

Sincerely,

S/S TONY KNOWLES

Tony Knowles Governor
