^{**}The vacancy rate represents the amount of PCN vacancies a component must average to stay within budget. Components do not receive enough authorization to cover 100% of their PCNs for the entire year.

[^]PCN deleted in FY2020 Governor Amended

^{^^}Seasonal employees are often kept in the payroll system even when not actively collecting a check so filled months are not displayed.

Split PCNs are funded by multiple components but for budget purposes are only counted in one component. *=split uncounted, ** = split counted.
